With the new regulations in Open Enrollment the following recommendations were developed to assist the Port Edwards School District in evaluating the availability to accept Open Enrolled students to the district in the 2022-2023 school year. These recommendations were developed according to the guidance of the Wisconsin Department of Public Instruction. The guidelines use specific considerations for caseloads that assist in determining how many students are currently on a caseload and what spaces might be available. As of January 13, 2022, our special education enrollments for 2022-2023 and our Open Enrollment space availability are as follows:

<b>Grade Level</b>	<b>Current Enrollment Special Education</b>	<b>Projected Enrollment Special Education</b>	<b>Special Education OE Spaces Available</b>
